Letter no MB1-C 2670/46-47 dy 23-6-48 from the Dy Comm, Hassan Dt, forwarding for sanction an estimate for Rs 3000/- for sinking a new bore-well at Alur for the supply of water to the town, the entire cost being met by Govt

8) The previous reference referred to in the letter has not been received in this Branch

9) It is reported by the Sanry Engineer Bureau of Sanry Engineering that although the bore well at Alur has been sunk to a depth of 200 ft, the yield is only 90 gallons per hour & that it is not worthwhile to deepen the bore-well any further Therefore he has suggested the sinking of a new bore well at an estimated cost of Rs 3000/

10) As the finances of the Alur minor mpl are very poor, the Dy Comm, Hassan Dt requests that the entire amount may be met by Govt. submitted for orders

10/7 Rec 12-7-48

11) A grant of Rs 3000/- may be given out of the which will supply grant for the current year to the Alur minor mpl for sinking a bore-well at the pl

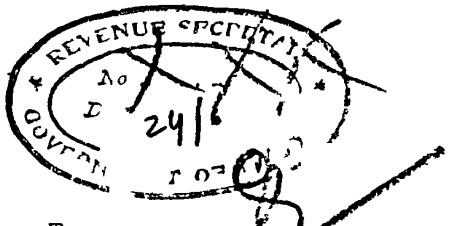
THE DEPUTY COMMISSIONER
HASSAN DISTRICT
DATED HASSAN THE 23rd JUNE 48

ML 143-48-1

From

The Deputy Commissioner,
Hassan District



To

The Secretary to Government,
Revenue Department
Bangalore

Sir,

Re Water supply to Alur Town

dated 5.6.48 In continuation of this office letter No Mlc 2670/47-48 regarding the water supply to Alur Town, I have the honour to forward herewith a copy of letter no 1638 dated 8-6-48 received from the Sanitary Engineer intimating that another bore-well has to be sunk for providing water-supply to Alur Town It is also stated that detailed scheres and estimates for harnessing this new bore-well could be furnished after the bore- ell is found to be successful and yields sufficient water The Sanitary Engineer has sent an estimate for Rs 3,000/- for sinking a new bore- ell The Municipal Council was consulted in the matter of meeting the cost of this well They have resolved in thier meeting held on 27-7-47 that on account of their poor finances the Government may be requested to meet this entire cost

The income of this Minor Municipality is very slender Its annual normal income is about 5,000/- and after providing for their ordinary duties the balance that remains over will be very little Therefore the Municipality is not in a position to contribute any amount towards the cost of the bore-well The need for water supply in this town is greatly felt by the public as the few wells in the town get dried up in summer In these circumstances the aid of Government is necessary

I request that sanction of Government may kindly be obtained to the estimate for R 3,000/- with full grant very early The estimate will be got countersigned by the Municipal President after the Government grant and the estimate are sanctioned

A copy of the resolution of the Municipal Council and the estimate are enclosed together with the petition presented to the Health Minister

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District 23/6

Copy of letter No 1638 dated 48 from the anitary Lngineer, Bure u of Sanitary Engineering, alore to the Deputy Commissioner, Hassan

Re ater supply Alur Town

--

With refer nce to your off letter No Nl C 2670/47-48 dxkx addressed to the Secretary to Gonment, Revenue Department, I have the honour to state th t althouthe bore well at Alur has been sunl to a depth of 200 feet the yield only 90 gallons per hour I am of the opini n that it is not vortile to deepen the bore well further nor is it worthwhile to harness bore well since the yield is ver poor Under the circumstances, other bore well, will have to be sunk for providing water supply to t town

Detailed schemes and estimss for harnessing the new proposed bore well can be prepared only when e bore well is found to be successful and yields a sufficient supply water

I request you therefore, tkindly return the estimate amounting to Rs 3,000/- for sinking a borewell at Alur, forwarded to you in this office letter No 41 dated 18th uly 1947, countersigned with necessary funds for taking further actionin the matter
